*CANCELLATION POLICY*

*We understand that sometimes appointments may need to be rescheduled. We request that you give our office at least a 24-hour notice that you will be unable to keep your scheduled appointment. We will at that time help to find a better time/date to accommodate you and then reschedule your appointment. If for any reason you cannot give a 24-hour notice, you will be charged a fee of \$45.00 or more, depending upon the amount of treatment that was scheduled for that particular appointment. We reserve specific amounts of time in our schedule for our patients, ensuring them that they will get the proper treatment and care during that time. Our patients are very valuable to us, as is our time with them. We ask that you please be considerate to this request.*
